For fifty years, Eastwood has been blessed with a teacher whose dedication and involvement has touched almost every student, teacher, and member of the community.

Miss Helen Rolfes, who has helped students develop skills in algebra and trigonometry for as long as anyone can remember, will be retiring this year, after fifty years of service to the Eastwood district.

She began teaching during the depression when the Luckey Elementary building was a high school and has been at Eastwood ever since.

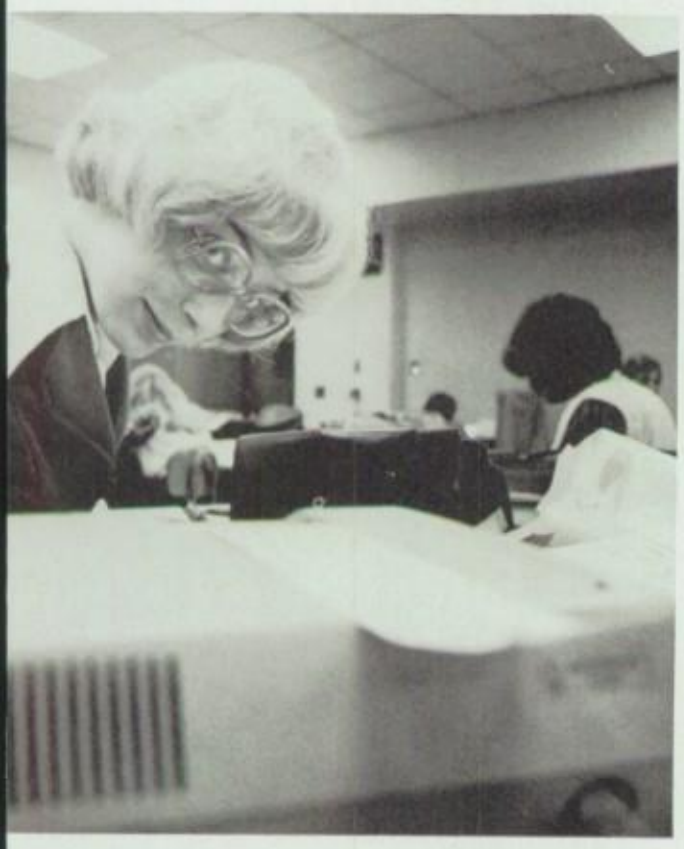
In summing up her career at Eastwood, Miss Rolfes said, "They've been excellent years. I've enjoyed them very much. I still do."

After school is over, Miss Rolfes plans to continue doing volunteer work at the Lutheran Old Folks Home and at the Portage Valley Nursing Home.

Eastwood High School will always have a special place in its heart for Miss Rolfes. She will be missed.

On behalf of all students, the AQUILA Staff would like to extend a fond farewell to Miss Rolfes, a legend in her own time.

PENTA

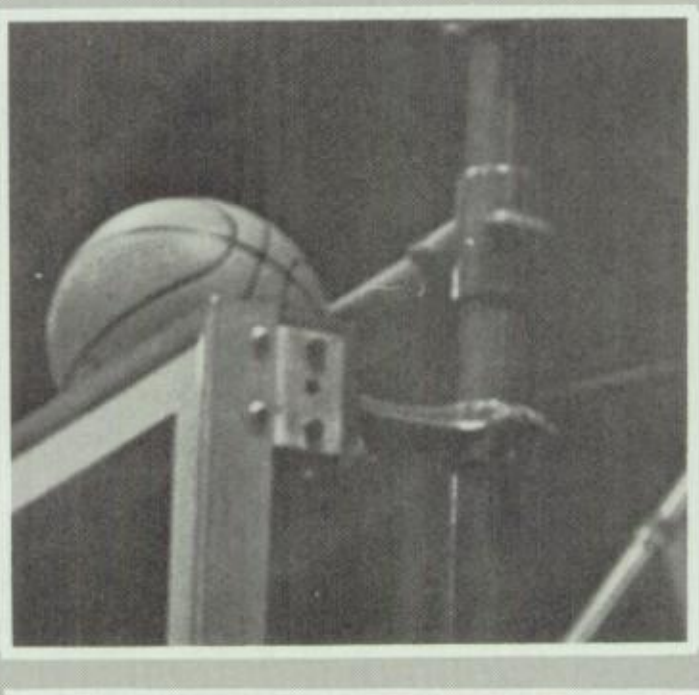


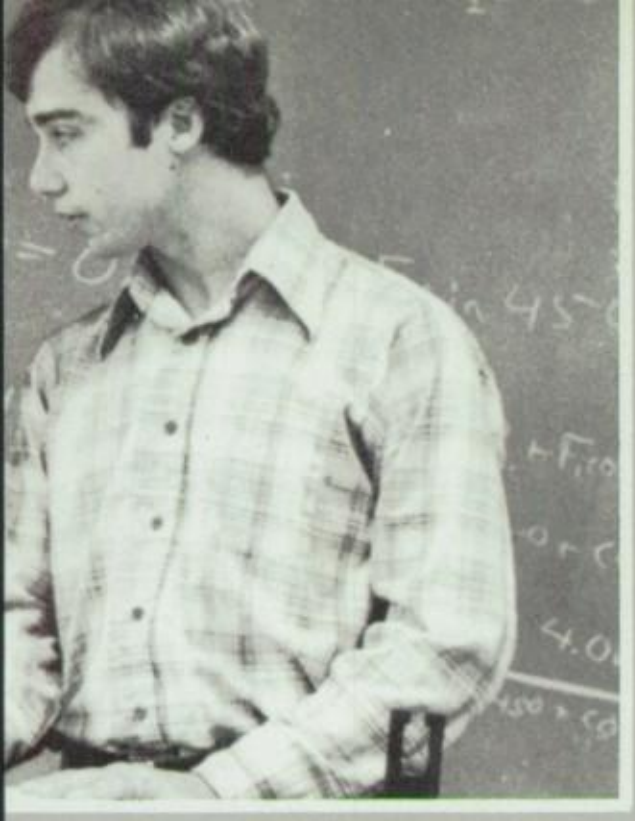
Penta County Joint Vocational School is a sound alternative to regular high school life. At Penta, students learn skills for employment, gain actual work experience, and earn a high school diploma while learning an occupation. All this is done in a relaxed classroom and field atmosphere.

Courses at Penta range from auto mechanics and welding to dental assistant and data processing. This year, Eastwood has over 60 students enrolled at Penta.

This year Penta has added a new one-year course of study for seniors. The course covers seven different trade areas, including carpentry, plumbing, decorating, masonry, and maintenance. Students with skills learned from these courses will be able to find jobs in any establishment requiring repairs and maintenance.

SCHOOL LIFE





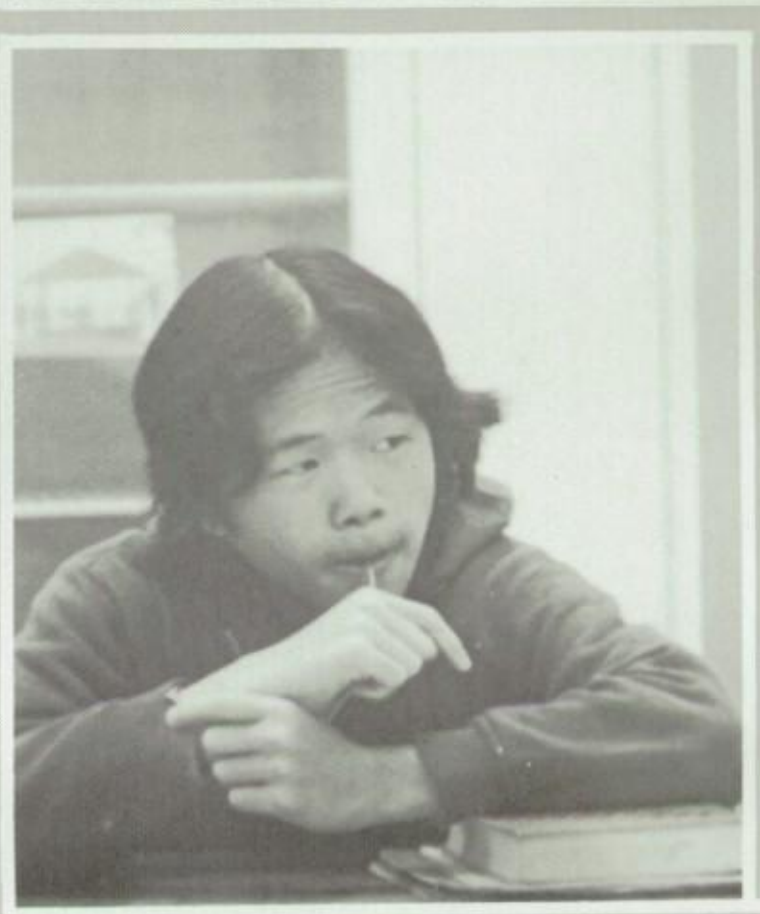
In an effort to update and modernize the Eastwood schools, repairs and remodeling were done to the elementary building and a new roof was added to the high school.

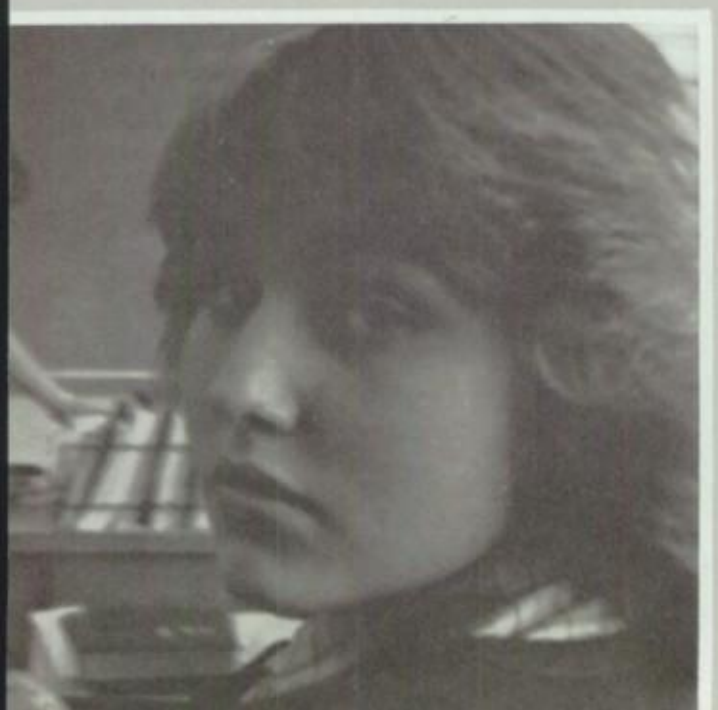
The interiors of the elementaries have a "new look" that features lowered ceilings and carpeting in the rooms that will help increase the efficiency of the new heating system. Also installed were new double-paned, insulating windows with blinds that will also help to offset the high cost of heating the buildings. Some other needed remodeling and repairs that were done include updating the wiring and plumbing systems in these buildings. This includes the installation of new fluorescent fixtures. As a final touch to all this "newness" all of the interiors received a new paint job. The students and teachers alike benefited from the improvements by receiving new desks.

Students and staff using the facilities appreciate those who supported the passage of the levy.

Mrs. Doll, secretary at the Luckey building, commented on the new look, "The parents and visitors to the school are really impressed by the work".

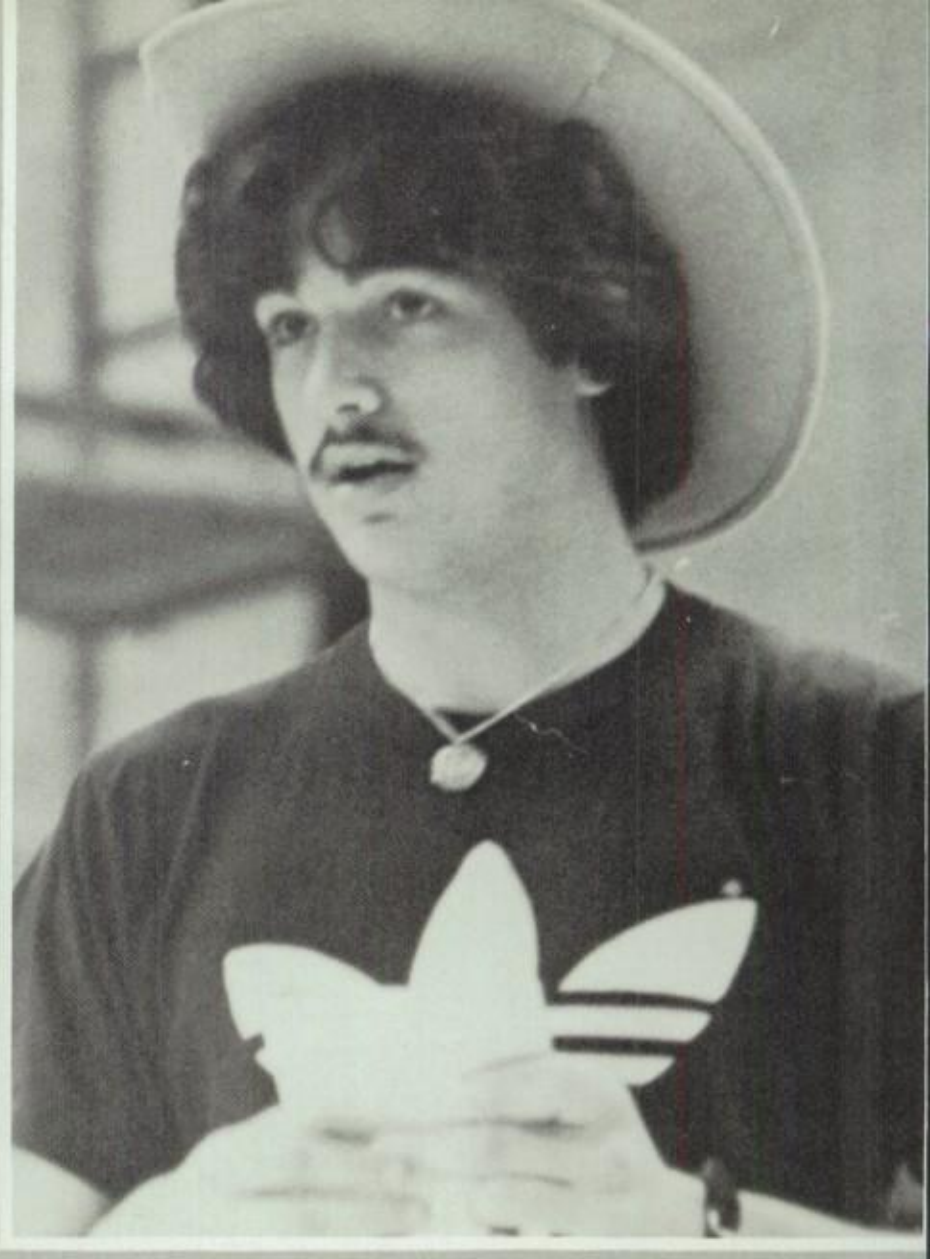
PEOPLE

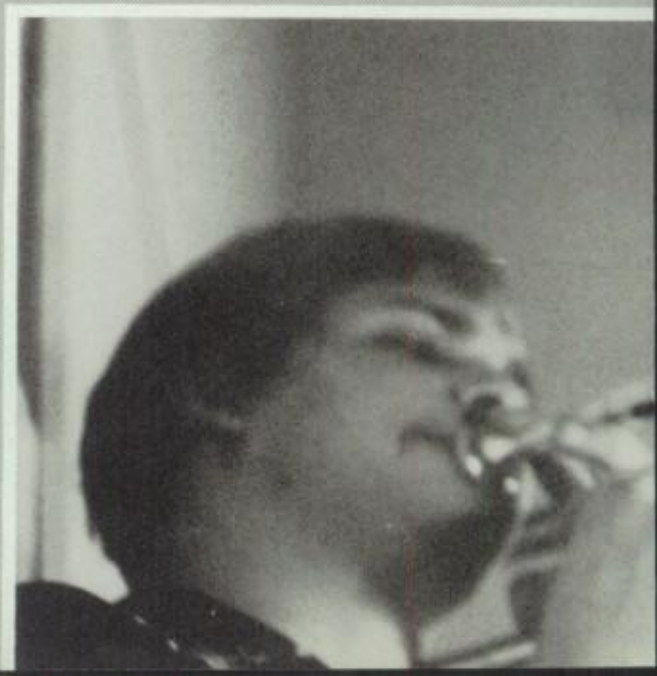


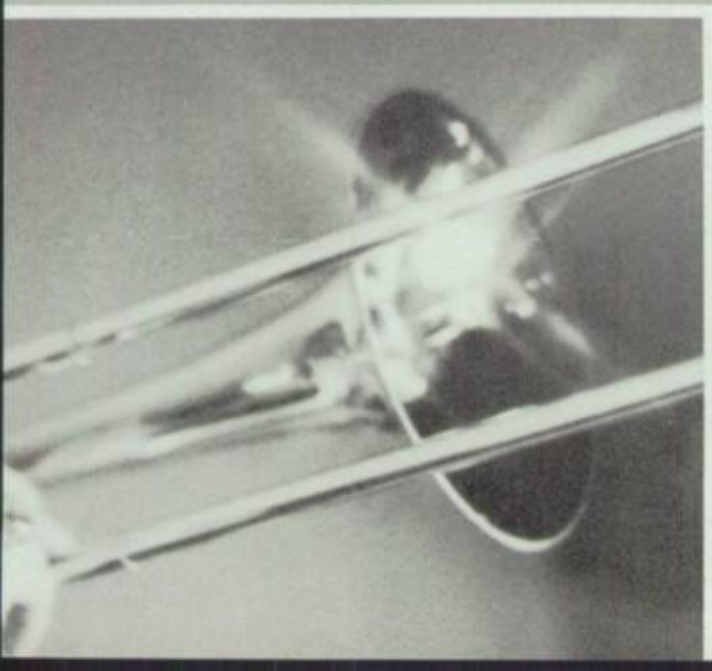


"Seniors in the News." Throughout high school, the senior class has found its names and faces on the pages of the Eagle's Eye many times. Can you remember? . . . (freshmen year) Brian Dewyre and Nancy Eulberg as band camp attendants . . . Gary Gardner being top salesman in the magazine selling contest . . . Craig Gottschalk and Doug Seifert leading the freshman football team in its first win of the season . . . Ron Lang awarded the Star Greenhand Award for FFA. (sophomore year) Amy Snyder and Lisa Lattanza as homecoming attendants . . . Lance Baker and Gary Fahle placing second in the science fair . . . Charlie Schott placing 33rd out of 410 in a statewide geometry test. (junior year) Brian Dewyre, Laurie Farmer, and Jodie Carpenter being cast as leads in "No, No, Nanette" . . . Dave Dunn going to State in wrestling . . . Lisa Lattanza being chosen as Eagle's Eye editor for 1980-81. (senior year) Jill Bruning being chosen as homecoming queen . . . Jodie Carpenter and Laurie Farmer in the Ohio State Youth Choir . . . Sue Lanz running for Miss Ohio DECA . . . Linda Obermyer and her cattle . . . and Charlie Schott being chosen to lead the senior class.

ACTIVITIES







This year, the Eastwood Marching Eagles proudly present . . . Their new uniforms!

After eight years of use, the old marching band uniforms were finally discarded in favor of new, more modern ones.

The new uniforms, which were tailor-fit to each band member, feature a more streamlined look and a flashy eagle on the back and sleeves.

To the delight of Eagle spectators, the marching band members displayed their new look at the first football game of the season.

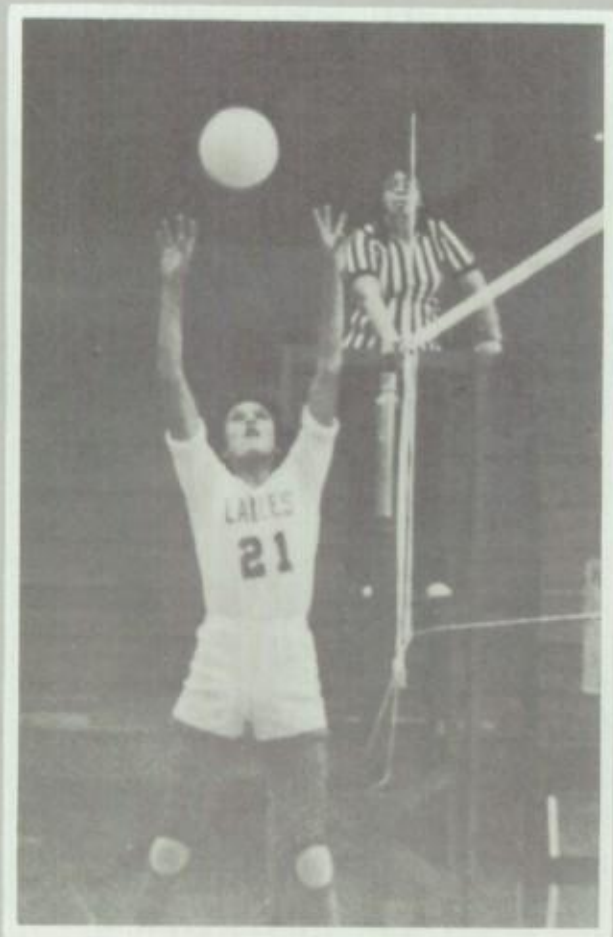
Senior band member, Sally Venis, said, "They're relly sharp. I like them. They have more style and flair than the old ones."

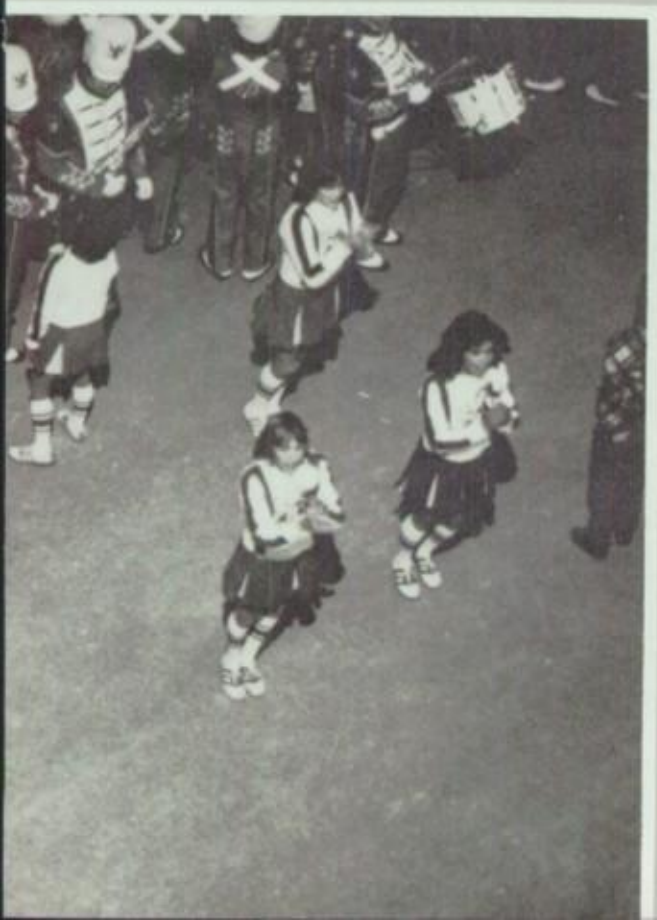
Most of the money used to purchase the uniforms came from Band Booster funds, which were raised through paper drives, banquets, and other fund-raising projects.

The remaining amount needed came from contributions from area citizens and businesses. Twenty-three Eastwood residents were honored at the Eastwood-Rossford football game on September 12 for their donations of $180, the amount required to purchase one uniform. Each sponsor had his name placed on a patch in one of the uniforms.

The Marching Eagles, with the acquisition of their new uniforms, will continue to entertain football game audiences with dazzling shows and high-stepping marching style.

SPORTS





One of the most popular, yet least recognized of all Eastwood sports is soccer. Because girls' soccer is not an S.L.L. sport, the girls' soccer team competes in the Anthony Wayne Area League, where they were hailed as undefeated champs last fall.

The girls' program, which is active in both the fall and spring, is completely self-sufficient. No funds are donated from the school and the teams' coaches work in a strictly volunteer basis.

In a survey made by Mr. Busdeker of Eastwood students in grades 8-11, over 100 said they would participate in soccer should it become a school sport.

Hopefully, by the next school year, soccer will be recognized as a school sport right along with football and volleyball.

SENIORS FACE THE 80'S

Where are you taking me, my Destiny?
Where are you going with my key?
I'd like to know, I'd like to know
Where you're going.

Where are you bound for with my life?
Is it full of sorrow, Is it full of strife?
I'd like to know, I'd like to know
Where you're going.

I have dreams of you and me
Together-
Way above the crowd,
Reaching for the furthest star.

I know we can do it
Together-
Class of "81"
Just reach out and fly high.

Destiny, Sweet Destiny
You are my life, You're what's to be
I'd like to know, I'd like to know
Where I'm going to.

-Jennifer Reitzel

You climb a ladder to the sky
Each rung marks a step forward
a goal achieved,
or an adventure taken.
You have come a great distance already.
Look down to see where you have been.
But look carefully,
and only when you are secure
in your present.
Now look up.
You still have far to go.
Look positively to your hopes,
dreams,
and happiness.
Then climb upward and
don't be afraid of heights.

As a result of the income from our ad sales this year, many new features were added to this *Aquila*. Although the nation's economy has been hindered by inflation, the Eastwood district and surrounding area businesses continued their support of this program. Genuine thanks goes to those organizations who have advertised with us in the past and also to those who are new patrons. Well deserved praise goes to the *Aquila* Staff and especially to Barb Ebka and Bob Friess for their outstanding salesmanship. Most of all, special thanks goes to Mr. Gerke for his guidance.

Thank You,

Jodie Carpenter

Think back to the past. Reminisce about all the little things that can't fit into this book, the friendships, good times, and long Mondays. But keep this book around. Stick it up on your closet shelf, or under your bed, or bury it with your old World History book with the cover ripped off. A day will come when you won't remember what a classmate looked like, who taught you in Algebra II, what the musical was, or how many games you won. This yearbook will increase in value as the years go by. It will surely take you back to that special year of 1981.

We would like to thank everyone who made this yearbook possible. Mr. Gerke, our yearbook advisor, Garry Miller, our Josten representative, Denny Walston, for his many long hours and great photography talent, the entire AQUILA Staff, and Larry Harris, who wrote the outstanding stories.

The prom included a banquet, after which the traditional wills and prophecies were read, and a formal dance, where music was supplied by Tammany Hall. Both were held at the Elks Club in Bowling Green.

Then, to wrap up the evening, the after-prom was held at the Raquet Connection in Perrysburg, where couples could enjoy raquetball, tennis, and swimming.

BRIDGING THE GAP . . . PENTA COMMUNICATIONS

A major problem experienced by many Penta County students is the loss of touch with their home school. But in an effort to resolve this problem, Mr. Busdeker has initiated a new organization called Penta Communications.

The major function of this group is to inform Eastwood Penta County students of activities and happenings going on in the home school and to inform Eastwood students of Penta County activities.

It is hoped that this will be a major step forward in bridging the gap.
